Revival of sick NTC mills

†1614. SHRI JAI PARKASH AGGARWAL: Will the Minister of TEXTILES be pleased to state:

(a) whether the Central Government have formulated any scheme to set up Special Purpose Fund with private co-operation for revival of sick mills of National Textile Corporation Limited (NTC);

(b) if so, the details thereof;

(c) whether this scheme has been finalized; and

(d) the approximate number of the sick mills of NTC alongwith the workers thereof to be benefited from this scheme?

THE MINISTER OF STATE IN THE MINISTRY OF TEXTILES (SHRI E.V.K.S. ELANGOVAN): (a) No, Sir.

(b) to (d) Do not arise.

Villages not covered under ARWSP

1615. SHRI S.M. LALJAN BASHA: Will the Minister of RURAL DEVELOPMENT be pleased to state:

(a) how many villages have yet to be covered by the Accelerated Rural Water Supply Programme in the country;

(b) the State-wise break-up of villages which do not receive potable and clean drinking water;

(c) what are the targets for ensuring potable water supply to such villages;

(d) whether funds have been released to State Governments; and

(e) if so, the details thereof?

THE MINISTER OF STATE IN THE MINISTRY OF RURAL DEVELOPMENT (SHRI CHANDRA SEKHAR SAHU): (a) Rural Drinking Water is a State subject. Therefore, State Governments are primarily responsible to provide drinking water facilities in the rural habitations. The Central Government, however, supplements the efforts of the State Governments in this direction by providing financial and technical support through a centrally sponsored scheme namely Accelerated Rural Water Supply Programme (ARWSP). However, the State Governments are empowered to plan, sanction, implement and utilize the ARWSP funds.

As regards drinking water supply in the country, the Department does not keep the details in terms of villages. These are kept habitation-wise. As per Action Plan prepared for Bharat Nirman of which drinking water is a component, as on 1.4.2005 there were 55067 not covered/partially covered habitations of CAP' 99. Out of this 13121 habitations were covered in 2005-06. Accordingly 41946 NC/PC of CAP' 99 habitations are yet to be covered. Besides as on 1.4.2006, the States have also reported habitations which are affected by chemical contaminations totaling to approximately 1.96 lakh. Habitations fully covered once, slip back to partially covered on account of various reasons such as depletion of ground water level, source becoming quality affected, source outliving their lives, increase in population in the habitations, below rated capacity due to poor operation and maintenance of the system etc.

(b) and (c) A Statement indicating the State-wise details of NC/PC habitations for CAP' 99 and the targets for achieving drinking water supply to these habitations by 2008-09 is enclosed as Statement-I (*See* below).

(d) Yes, Sir.

(e) State-wise details of funds released for the last five years are enclosed as Statement-II.

Statement-I

Action plan for rural drinking water component of Bharat Nirman

I. Coverage of 55067 uncovered habitations of Comprehensive Action Plan, 1999

*The targets for 2006-07 are more than uncovered habitations as the information regarding coverage in 2005-06 was received late.

1. A & N Islands has not furnished the list of uncovered habitations as on 1.4.2005 of Comprehensive Action Plan, 99.

2. Maharashtra, A & N Islands, Dadra & Nagar Haveli, Lakshadweep and Pondicherry have not furnished the lists of uncovered habitations covered during 2005-06 habitations.

Statement-II

Statement showing funds released under Accelerated Rural Water Supply Programme (ARWSP) including funds released for natural calamities and activity taken under DDP during the following years
